

Multi-Divorce Blended Family · a fictional family drawn in GenogramAI · blank version on page 2

- **Male (Square)** A square represents a male family member in standard genogram notation.
- **Female (Circle)** A circle represents a female family member in standard genogram notation.

- **Deceased (X)** An X drawn through the symbol indicates the person is deceased.
- **Index Patient (Arrow)** An arrow pointing to a person identifies them as the index patient — the individual who is the focus of the clinical assessment.

- **Marriage** A solid horizontal line connecting two individuals represents a marriage or committed partnership.
- **Divorce** A marriage line with two diagonal slashes indicates divorce or legal separation.
- **Parent-Child** A vertical line descending from a couple line to a child symbol represents a parent-child relationship.

- **Biological Child** A solid vertical line from parent to child indicates a biological relationship.
- **Stepchild** A dashed vertical line indicates a step-parent/step-child relationship (notation based on the conventions described by McGoldrick,

- **Close** Two parallel lines between individuals represent an emotionally close relationship.
- **Distant** A dotted line represents an emotionally distant or disengaged relationship.
- **Conflict** A zigzag line between individuals represents an openly conflictual relationship.
- **Fused/Enmeshed** Three parallel lines with a zigzag overlay represent a fused relationship — emotionally intense with poor boundaries.
- **Hostile** A zigzag line with an arrow indicates a hostile, one-directional aggressive dynamic.

- **Anxiety Conditions** Shading in the genogram symbol indicates anxiety-spectrum diagnoses (GAD, panic disorder, phobias, OCD).
- **Depressive Disorders** Shading indicates depressive conditions (major depression, dysthymia, bipolar disorder).
- **Mental Health Conditions** Shading indicates psychological or psychiatric conditions beyond anxiety and depression.
- **Cardiovascular Conditions** Shading indicates heart disease, hypertension, stroke, or other cardiovascular conditions.
- **Diabetes** Shading indicates Type 1 or Type 2 diabetes.

- Stepchild** - a dashed vertical line indicates a step-parent/step-child relationship. This example is based on the conventions described by McGoldrick, Gerson and Petry in *Genograms: Assessment and Treatment* (W. W. Norton). GenogramAI is an independent product and is not affiliated with or endorsed by the authors or the publisher.

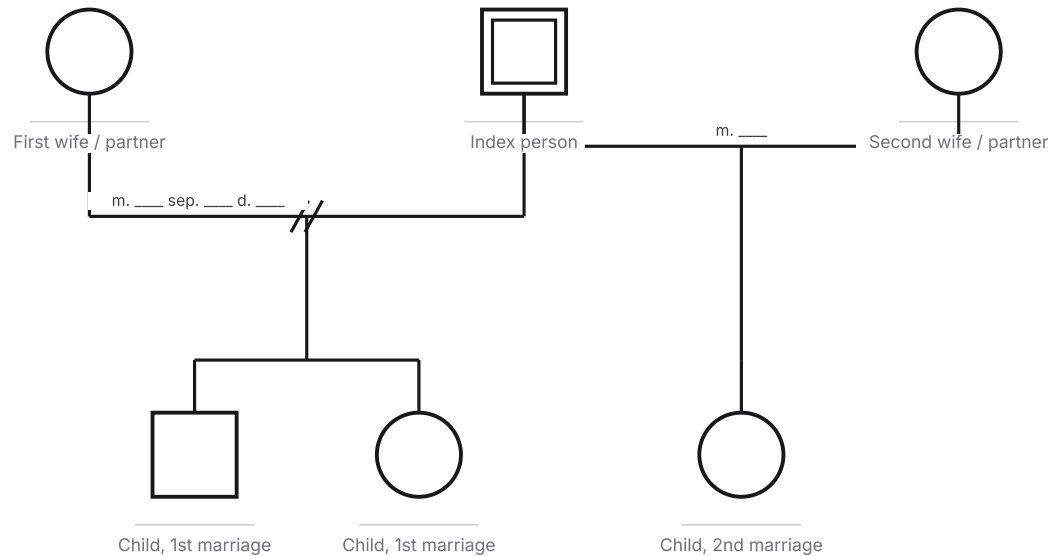

Divorce and Remarriage Genogram Template
