

Twins Genogram Template: filled-in example

Twins Across Four Generations · a fictional family drawn in GenogramAI · blank version on page 2

The completed example follows the fictional Almeida-Prado family over four generations with three kinds of twin relationship: identical twin sisters (1940), boy-girl fraternal twins where one twin died at seven months (1965), identical twin grandsons (1993) and IVF fraternal twins (2001). The index person, Marina Sato, is the surviving twin.

PERSON SYMBOLS

- Male (Square)** A square represents a male family member.
- Female (Circle)** A circle represents a female family member.
- Index person (highlighted outline)** The person at the centre of the assessment is drawn with a highlighted outline.
- Deceased (X)** An X through the symbol marks a person who has died; birth and death years are written above it.
- Age inside the symbol** The current age (or age at death) is written inside each symbol, with years above it.

TWINS AND CHILDREN

- Identical twins** Two child lines that start from one point, joined by a short horizontal bar, mark identical twins.
- Fraternal twins** Two child lines that start from one point without a bar mark fraternal twins.
- Parent-child line** A vertical line from the couple line to each child; siblings run oldest to youngest from left to right.

COUPLES

- Marriage** A solid line between partners; the marriage year is written on the line (m 90 = married 1990).
- Widowed** A small x on the couple line marks the end of a marriage through death (wid 15).
- Cohabitation** A dashed couple line marks partners who live together without marrying.
- Immigration marker** A double wavy mark on a person's line records immigration; a single wavy mark records living across two cultures.

EMOTIONAL RELATIONSHIPS

- Fused** Three parallel lines mark an over-close, fused relationship.
- Close** Two parallel blue lines mark an emotionally close relationship.

MEDICAL

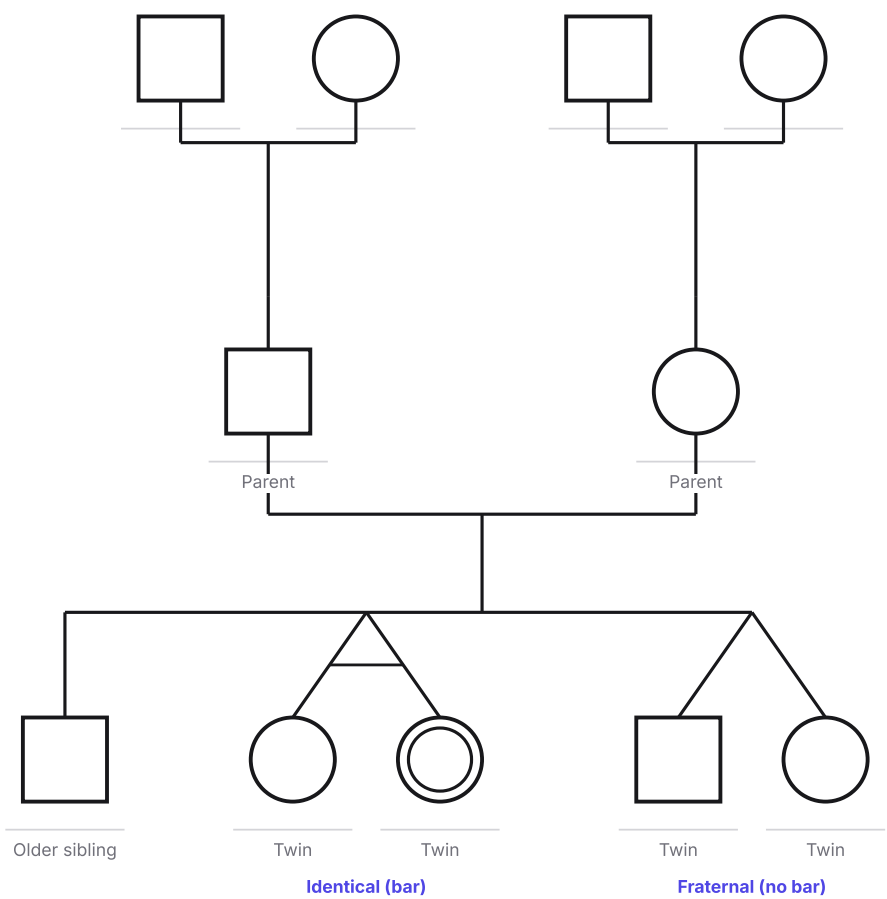

- Medical shading** The left half of a symbol is shaded for a physical or mental illness and the bottom half for alcohol or drug use; each condition has its own colour, listed in the key. Hatching means suspected, a partial fill means in recovery.

Twins Genogram Template

Identical and fraternal twins in birth order

Family: _____

Date: _____

Symbol key

Male

Female

Deceased (X through symbol)

Index person (double outline)

Identical twins (lines from one point, joined by a bar)

Fraternal twins (lines from one point, no bar)

Notes: twin type if known, birth order, twins in earlier generations
